***Allowable Subject Matter***

1. Claims 11-25,27-33 allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the cited references in combination with other limitations of claim teaches or suggests a device for setting values for processing of audio signals that has a screen connected with the signal processor for displaying the values, the screen comprising at least two fields; a carrier for accommodating at least two operating elements, the carrier being located, relative to a viewing direction of the screen, in front of the screen; the at least two operating elements structured and arranged for allowing the simultaneous adjustment of the values displayed in the at least two fields on the screen, wherein the at least one of the fields of the screen displays a different type of value in response to the assigned configurations, as disclosed in independent claim 11. The closest art (Eastty et al., and Silfast et al.) disclose related devices, either singularly or in combination fail to anticipate or suggest these limitations obvious.
